

Disclosure Statement

Bob Chirinko
University of Illinois at Chicago

March 2017

The co-author declares that he has no relevant or material financial interests that relate to the research described in "The Substitution Elasticity, Factor Shares, and the Low-Frequency Panel Model."

This work has been supported by research grants from Deakin University, the Einaudi Institute for Economics and Finance, the German Academic Exchange (DAAD), and the CBA/UIC Summer Grants for Faculty Research Program. None of these institutions are an interested party as described in item (2) of the American Economic Association Disclosure Policy.

Jane Gravelle and Dale Jorgenson has generously made their datasets available to us. These data are publicly available.
