Dear Editorial Office,

The author declares that he has no relevant or material financial interests that relate to the research described in the manuscript: "The Social Costs of Keystone Species Collapse: Evidence From The Decline of Vultures in India." No other parties have had the right to review the paper prior to its circulation.

All funding was provided by the University of Chicago.

Because the paper uses deidentified, aggregated, and secondary data sets, we did not obtain IRB approval as the research does not qualify as human-subjects research.

Sincerely,

Eyal Frank
